

I anno - II semestre

	Lunedì	Aula	Martedì	Aula	Mercoledì	Aula	Giovedì	Aula	Venerdì	Aula
09:00 10:00	Informatics and law (Troncarelli)	Didattica	Networking security and software security (Ferrara)	Didattica	Networking security and software security (Ferrara)	Didattica	Computational statistics and machine learning (Divino)	Didattica	Biometric systems (Ricciardi)	Didattica
10:00 11:00	Informatics and law (Troncarelli)	Didattica	Networking security and software security (Ferrara)	Didattica	Networking security and software security (Ferrara)	Didattica	Computational statistics and machine learning (Divino)	Didattica	Biometric systems (Ricciardi)	Didattica
11:00 12:00	Biometric systems (Ricciardi)	Didattica	Software project management (Fasano)	Didattica	Networking security and software security (Ferrara)	Didattica	Informatics and law (Troncarelli)	Didattica	Computational statistics and machine learning (Divino)	Didattica
							Law of new technologies (Giova)	B. Pascal - Informatica I		
12:00 13:00	Biometric systems (Ricciardi)	Didattica	Software project management (Fasano)	Didattica	Networking security and software security (Ferrara)	Didattica	Informatics and law (Troncarelli)	Didattica	Computational statistics and machine learning (Divino)	Didattica
							Law of new technologies (Giova)	B. Pascal - Informatica I		
13:00 14:00										
14:00 15:00	Law of new technologies (Giova)	Didattica	Computational statistics and machine learning (Divino)	Didattica	Software project management (Fasano)	Didattica	Law of new technologies (Ziccardi)	Didattica		
15:00 16:00	Law of new technologies (Giova)	Didattica	Computational statistics and machine learning (Divino)	Didattica	Software project management (Fasano)	Didattica	Law of new technologies (Ziccardi)	Didattica		
16:00 17:00	Law of new technologies (Ziccardi)	Didattica			Software project management (Fasano)	Didattica				
17:00 18:00	Law of new technologies (Ziccardi)	Didattica			Software project management (Fasano)	Didattica				

Insegnamento	Inizio lezioni
Biometric systems (Ricciardi)	04-mar
Computational statistics and machine learning (Divino)	01-mar
Informatics and law (Troncarelli)	03-mar
Law of new technologies (Giova)	14-mar
Law of new technologies (Ziccardi)	14-mar
Networking security and software security (Ferrara)	01-mar
Software project management (Fasano)	02-mar
